

## Victoria Airport wins Industry Award

March 23, 2010

Victoria International Airport has been recognized by Airport Revenue News (ARN) as the 2010 winner of the *Airport with the Best Customer Service in the Small Airport Category*.

ARN announced the winners of its prestigious Best Airport & Concessionaire Awards at its annual Airport Revenue Conference & Exhibition, held last week in Houston, Texas.

"This award is not because of a single act by a specific company or person at the airport; it is recognition to everyone here who provides courteous service to our passengers on a day to day basis. This includes our Red Coat Host Volunteers, **our Commissionaires and security staff**, Victoria Airport Authority (VAA) staff, and all of our airline and concession business partners. It is a group effort," comments Richard Paquette, VAA President and CEO.

ARN is a monthly trade magazine devoted to coverage of all revenue-generating issues affecting the airport industry. The publication is the foremost news and information resource for airport executives, concessionaires, consultants and others involved in the business of airports.

Victoria International Airport, the gateway to Vancouver Island is the 8th busiest airport in Canada with over 1.5 million passengers per annum. Victoria is well served with more than 60 daily departures and convenient non-stop or one-stop service to every major Canadian city and many US destinations.
